

REVISED

STATEMENT OF PURPOSE

RS29578 / H0671

This legislation will change the way school board trustees fill positions that are vacated due to a recall. This process will be applied to a recall that:

- a) Was initiated and then the trustee chose to resign.
- b) Was initiated and then recalled through the voting process.

It further states that if a regularly scheduled election date is upcoming within 120 days of a successful recall, then no one shall be appointed to a position. Rather, it shall remain open and allow candidates to run for the vacated trustee office. If such a position is farther out than 120 days, the trustee position will be filled as "temporary" position only and will be up for election at the next possible election cycle where the permanent trustee position will be decided.

FISCAL NOTE

This legislation does not create a new election cycle. Current election cycles will be used should a recall take place. This will not impact the General Fund or any County Fund designed for elections.
